Hey yo, I got something to tell you, and it goes like this:  
Listen baby,  
Very times when I'm in like, but you must be send from  
up above, baby  
And I am to make you mine, but it was, a little matter of  
time lady

Please promise me you stay with me, you're here for  
me  
I promise you, I'm telling you, I'm here for you  
Please promise me you stay with me, you're here for  
me  
Give me all your love cause  
It's alright, when you're here with me  
It's alright, can't get enough of it  
It's alright, when you next to me  
It's alright, it's alright

How much times did I fell for a girl, but you just opened  
my world baby  
I can't realise you're mine, but it's just a matter of time,  
lady

Please promise me you stay with me, you're here for  
me  
I promise you, I'm telling you, I'm here for you  
Please promise me you stay with me, you're here for  
me  
Give me all your love cause  
It's alright, when you're here with me  
It's alright, can't get enough of it  
It's alright, when you next to me  
It's alright, it's alright

Everyday, everynight, it's alright  
You're always on my mind (you know that you're always  
on my mind)  
Till the end of time

Please promise me you stay with me, you're here for  
me  
I promise you, I'm telling you, I'm here for you

Please promise me you stay with me, you're here for  
me  
Give me all your love cause  
It's alright, when you're here with me  
It's alright, can't get enough of it  
It's alright, when you next to me  
It's alright, it's alright

Yes baby girl  
Till the end of time, baby girl, it's gonna be alright you  
know, it's up to you
