Can't you see what's going on "POWER"
Is crazy wow
Listen to the flow "POWER"
Close your eyes
And come with me "POWER"
To a better place
Were we'll live in peace "POWER"
Now you can see
It's crystal clear "POWER"
Coming strong
Every single year "POWER"
Makes you change
And takes control "POWER"
Sincerely yall,...
I can't take it no more

Stand up, stand up, everybody,
Listen here to what I gotta say
You see I'm not naÃve
And I can't change the world all by myself, anyway...
I got the right to speak my mind
Share thoughts with the majority
Cause I stand for equality
Peace, Love and Unity

Une seul unitÃ©, une seul penser,
Un seul monde et pourtant
Je vois des gens se dÃ©chirer,
Faire la guerre pour rien d important
Y a rien de censer
J allume la tele et je ferme les yeux
Je vois trop de mÃre qui pleure,
Les gens ont peur, et trop de peuple armÃ©
(Brahim:)I take my sword "Waterman"
Et mon bouclier feuille de papier
Je pars en guerre contre la haine,
Au nom paix et de l unitÃ©
Plus j avance et je me rends compte,
Que le combat et loing d etre fini
Mais pour l amour du peuple humain,
Au quotidien c est toute une vie

Can't you see what's going on "POWER"
Is crazy wow
Listen to the flow "POWER"
Close your eyes
And come with me "POWER"
To a better place
Were we'll live in peace "POWER"
Now you can see
It's crystal clear "POWER"
Coming strong
Every single year "POWER"
Makes you change
And takes control "POWER"
Sincerely yall,...
I can't take it no more

Wake up, wake up it's time
To open up those eyes of yours
Think about the waste of time
They put in battling endless wars!
We got the right to stand up and fight
For the sake of the innocent children who cry
Seeking divine guidance, I
Raise my eyes up to the sky

Brahim et Rtbang
RÃ§Ã­lions nos forces et nos croyances
Montrons l'exemple pour nos enfants
Qu'ils soit d Afrique ou de France
Quelle que soit votre culture
Soyons pour une fois tous unies
Car pour nous 1+1 fait 1
Et sa pour toute la vie

Can't you see what's going on "POWER"
Is crazy wow
Listen to the flow "POWER"
Close your eyes
And come with me "POWER"
To a better place
Were we'll live in peace "POWER"
Now you can see
It's crystal clear "POWER"
Coming strong
Every single year "POWER"
Makes you change
And takes control "POWER"
Sincerely yall...
I can't take it no more
