1.

So you wanna be a rock god
Just take yo' place in the pantheon
If you're living in a drama,
So make your money out of every -
Trauma!

If you're feet can't seem to move move move
And your groove ain't got no groove groove groove
You gonna have to cut it loo-loo-loose
Before they let you spill yo' juice.

Get back on it,
Get back on it,
Get back on it,
Ride your mustang, Sally!

2.

So you wanna be a rockar

But you're ugly and your mom still dresses you funny
Yeah, and who cut your hair?
The Council!
I do believe that you're
In the money!

If you're walking down the street
Cause some hard guy stole your only wheels
Well sonny don't miss a beat
When a pretty girl laughs - we all know how it feels!

Get back on it,
Get back on it,
Get back on it,
Ride your brother's old BMX with pride!
