Hey you! I just wanna tell you what I think about you!  
You were a leader you were an emporeo!  
You've murdered many many people!  
But many people still believe you!  
Hey! Look at this, it's not your big time  
Look at this! My wing is harder!

Don't you know the party's down!

Baby! I wanna send you a letter! About my love!  
We have make love day and night, on the bed just like  
24 hours  
Do you remember it's so nice it's so good time!

Don't you know it's our good time!
