Time for resurrection
I'm the evil breed
I'm watching every move you make
you better kneel and pray
I'm a friend of Lucifer
I'm here to judge your sins
I'm the one you've got to fear
I'm gonna strap you in
Pain ã Here comes the pain
I'm burning in your soul
Pain ã Here comes the pain
I'm like a dog off the chain
Like a chain reaction
exploding in your brain
I'm watching every step you take
until your blood runs cold
I'm a friend of Lucifer
no chance to hideaway
I'm comin' to drag you away
into the lungs of pain
