Would you walk to the edge of the ocean
Just to fill my jar with sand
Just in case I get the notion
To let it run through my hand
Let it run through my hand

Well, I don't want the whole world
The sun, the moon, and all their light
I just want to be the only girl
You love all your life
You love all your life

Would you catch a couple thousand fireflies
Yeah, put them in a lamp to light my world
All dressed up in a tux and bowtie
Hand deliver to a lonely girl
To a lonely lonely girl

Well, I don't want the whole world
The sun, the moon, and all their light
I just want to be the only girl

You love all your life
You love all your life

Lately I've been writing desperate love songs
Mostly I sing them to the walls,
You could be the center piece of my obsession
If you would notice me, I
Ohh yeah

Well I don't want the whole world
The sun, the moon, and all their light
I just want to be the only girl
You love all your life
You love all your life

You love all your life
Life
Yeah
