You've been wearing that crown and tearing me down
It's been a while since you've treated me right
You strung me along for far too long
Because I never gave up the fight
Until now

It's gonna hit you hard till you see stars
It's gonna put through you a world of hurt
Oh, I don't believe in getting even
But gettin' what you deserve
Oh my, oh my, huh

Mama always told me that I should play nice
She didn't know you when she gave me that advice
I'm through with you
You're one bridge I'd like to burn
Bottle up the ashes, smash the urn
I'm through with you, la ti da
I don't wanna be your just for fun
Don't wanna be under your thumb
All I wanna be isâ€¦done
Done

You crossed the line too many times
I'm gonna put you in your place
You play with dynamite
Don't be surprised when I blow up in your face
Oh my, oh my, huh

Mama always told me that I should play nice
She didn't know you when she gave me that advice
I'm through with you
You're one bridge I'd like to burn
Bottle up the ashes, smash the urn
I'm through with you, la ti da
I don't wanna be part of your fun
Don't wanna be under your thumb
All I wanna be isâ€¦done
Done

(Done) with your selfish ways (done)
And all the games you play

I'm through with you and everything you say

(Fiddle Solo)

Mama told me that I should play nice
She didn't know you when she gave that advice

Mama always told me that I should play nice
She didn't know you when she gave that advice
I'm through with you
You're one bridge I'd like to burn
Bottle up the ashes, smash the urn
I'm through with you, la ti da
I don't wanna be your just for fun
Don't wanna be under your thumb
All I wanna be isâ€¦done
All I wanna be is...done, huh
Heeey, hey, hey
I wanna be done (so done)
So done (so done)
So done.
