Can we start again, go back to what it meant back then,
open minds and open hearts, the things that set us
apart x4

Was it more than words/and do they still
apply/and do you still believe/well so do I x2

I was a 15 year old kid with nowhere to fit in, I just
wanted to skate, listen to my Suicidal tape/when
someone told me about a place where the strange
were accepted, and judged by what's inside, A scene
of truly open minds

Can we start again, go back to what it meant back then,
open minds and open hearts, The things that set us
apart

Somewhere, somehow, everything has changed, look
at what we've gotten ourselves caught up in

The same mindless clicks, the same high school shit,
all the walls you scream about breaking down /I've
watched you build brick by brick

I was a 15 year old kid with nowhere to fit in I just
wanted to skate, listen to my Suicidal tape/when
someone told me about a place, where the strange
were accepted, and judged by what's inside, a scene
of truly open minds, ARE WE STILL THE SCENE OF OPEN
MINDS

Do you still believe - I do x2

I do x2

Look beyond the 3 chords that fill your lives, look
beyond the gossip and the lies, look beyond the dullest
of outsides, look beyond/Try harder See what's inside

This burning in my heart, born under the same songs
that you know
But our blood will never blend until you let those doors
go
