Lord of deception, implicating dark thoughts in your head
A false conception, breeding hate, the darkest thread
There's nothing you can do, just succumb to his own will
Your actions his when you do his work and you kill for thrills

Nothing stops your actions, evil seeds are in your mind
Perpetual destruction, breeds the newborn child

Master of all that is, it's real, so real
Inside you he exists, bringing you closer to the dark abyss

Involuntary, obsessing dark thoughts in your mind
Hereditary, roots that breed a race so blind
Step inside my child, feel my power coming to
Step inside my child, and let me take control of you

Nothing stops your actions, nothing's in our way
Perpetual destruction, I'm here to stay

Master of all that is, it's real, so real
Inside you he exists, bringing you closer to the dark abyss

Lord of deception, implicating dark thoughts in your head
A false conception, breeding hate, the darkest thread
There's nothing you can do, just succumb to his own will
Your actions his when you do his work and you kill for thrills

Nothing stops your actions, nothing's in our way
Perpetual destruction, I'm here to stay

Master of all that is, it's real, so real
Inside you he exists, bringing you closer to the darkness
Master of all that is, it's real, so real
Inside you he exists, bringing you closer to the dark abyss
