When I see myself
I'm seeing you too
As long as I remember
And I'm feeling like I knew
That my jokes aren't funny
The truth isn't true
If there was no you

If you were my boat in the deep blue sea
I probably sink you down
I know I should have thanked you for carrying me
But for you I will happily drown

Out on your way the darkest night the longest day
I know what to say to make you laugh
And nothing you could do
Could make me turn my back on you
When you're looking for a
Fight I'm your man
When you need a friend

You got my hand

What I really mean
What I'm trying hard to say
Is that I'm counting on you
And you got me too
Our secrets are safe
I'm singing out of tune
If there was no you
If there was no you

Out on your way darkest night the longest day
I know what to say to make you laugh
And nothing you could do
Could make me turn my back on you
When you're looking for a
Fight I'm your man
When you need a friend
You got my hand
When you need a friend

You got my hand
You got my hand
