You stop before you go
You fear all that you know
You hate before you love
Can't fix what you have done
We tried but could not change
We lied through endless blame
We need to stop these games
Before I go insane

My heart is nothing more than
A flame burned out in me

Do you fall
Do you sacrifice your life
Will you keep it deep inside
Well I Know
I don't need a reason why
Cause you don't know who I am

You rise before you sleep
You heal before you bleed
You want before you need
You make it hard to leave
We tried but could not change
We lied through endless blame
We need to stop these games
Before I go insane

My heart is nothing more than
A flame burned out in me

Do you fall
Do you sacrifice your life
Will you keep it deep inside
Well I Know
I don't need a reason why
Cause you don't know who I am

Give your self to me, I'll take back everything
Why can't we both agree, your just no good for me.

Do you fall

Do you sacrifice your life
Will you keep it deep inside
Well I Know
I don't need a reason why
Cause you don't know who I am
