(Verse 1)

I know that I'm a star  
But I'ma put you in the spotlight  
Baby there's a spot right there in my heart  
I ain't try'n'a flex but a lot of girls wish they could be  
who you are  
They don't stand a chance  
Girl if you take my hand I'll  
promise to change some thangs for you  
I'm off them other girls  
It's only you, yeah

(Pre-chorus)

The way I feel (?) insecure  
Yes girl, I'm only yours  
Tell me what I gotta do  
(?) my flex (tell me what I gotta do)  
Put it up on my Twitter

(Chorus)

All these girls, girls, girls  
Girls, they do want me  
But I just want you (Ooh ooh ooh ooh oh)  
(Ooh ooh ooh ooh oh )  
All these girls, girls, girls  
Girls, they do want me  
But I just want you (Ooh ooh ooh ooh oh)  
(Ooh ooh ooh ooh oh )

baby you're the one

(Ooh ooh ooh ooh oh )  
All these girls, girls, girls

(So what you waiting for girl)  
Let's take it on together  
I wanna give it all to you, yeah

Let them walk  
They can front  
with they talk  
But it's only you that I want
