I've been thinking of you
Usually at night
I try to get get some sleep
But it's a constant fight

Waking up from dreams
Of holding you so tight
Honey, it feels so right

I can't shake it off
I'm always in the mood
I want you all the time
I don't know if I should

If I could kiss you now
I know for sure, I would
Honey, it feels so good
Ooh, baby

I have never felt more like a man
Baby, the way you got me feeling
Your love is so appealing

I have never wanted you so much
What a situation this is
Girl, I miss your kisses in the night

I miss your kisses in the night
I wish that I could hold you tight
I miss your kisses in the night
I miss your kisses
(Sending all my love to you)

Moments we have shared
Passed us by too fast
Precious moments, girl
The kind that just don't last

And I would take you back,
The moment that you asked.
Honey, I miss the past

And I have never felt more like a man
Baby, the way you got me feeling
Your love is so appealing

I have never wanted you so much
What a situation this is
Girl, I miss your kisses in the night

I miss your kisses in the night
And I wish that I could hold you tight
I miss your kisses in the night
I miss your kisses
You know, you know I do

(Sending all my love)
(Sending all my love to you)
How I miss, how I really miss
How I miss, how I really miss

(Sending all my love)
(Sending all my love to you)
How I miss, how I really miss
How I miss, how I really miss

And I have never felt more like a man
Baby, the way you got me feeling
Your love is so appealing

I have never wanted you so much
What a situation this is
You know I miss your
Kisses in the night

I miss your kisses in the night
And I wish that I could hold you tight
I miss your kisses in the night
I miss your kisses
You know, you know I do

(Sending all my love)
(Sending all my love to you)
How I miss, how I really miss
How I miss, how I really miss
