your love has got me crazy  
it makes me so insane  
i don't want no umbrella baby i want the rain  
the love i feel for you  
it has my heart in pain  
and i swear on everything girl i'll never change  
you got me going, got my mind  
now i'm all confused  
you got me thinking about times when i'm not with you  
baby how can i convince you  
to stay with me  
to have you in my arms

tonight.. is gonna be a special moment  
tonight.. i'm gonna get you open  
tonight.. gonna give you what you wanted  
tonight.. you won't forget this night

now i can show you things  
to have your body trippin  
me on top of you  
that is what your body is missing  
there'll be a lot of touching and a lot of kissing  
this is the journey of love  
and i (?)  
i hope you understand there's nothing i won't do for  
you  
i wanna see you with a smile girl i'm being true  
baby don't you try to tease me  
or play with me  
i want you in my arms

tonight.. is gonna be a special moment  
tonight.. i'm gonna get you open  
tonight.. gonna give you what you wanted  
tonight.. you won't forget this night

have you ever met a man that would walk on (?)  
sell everything just to buy you some (?)

have you ever met a guy that would fly and go high  
never make you cry and (?) your name on the sky

have you ever met a friend that would be there til the  
end  
always keep it real and never pretend  
girl i'm not like those other guys

tonight.. is gonna be a special moment  
tonight.. i'm gonna get you open  
tonight.. gonna give you what you wanted  
tonight.. you won't forget this night

tonight.. is gonna be a special moment  
tonight.. i'm gonna get you open  
tonight.. gonna give you what you wanted  
tonight.. you won't forget this night
