Listen girl I wanna let you know

I can always be myself  
Whenever you're around  
I never have to be  
Somebody else  
I wanna tell you how I feel  
But girl I wanna know

If I told you I love you  
Would you run away  
If I tell I need you  
Every day  
Would you still be here by my side  
I don't want any lies  
Girl your my butterfly.

You were my best friend and nothing else  
I told I loved you and we figured out  
That we both shared feelings deep inside  
Now I gotta let it out

You were there for me  
When I needed you  
Now I'm here so that makes two  
Baby you're everything I'll ever need

So listen carefully and you'll see

If I told you I love you  
Would you run away  
If I tell I need you  
Every day  
Would you still be here by my side  
I don't want any lies  
Girl your my butterfly.

You and I are a perfect lullaby  
I wanna be right here forever girl  
With you, by you, near you  
Your mine I never wanna be out of your mind

If I told you I love you  
Would you run away  
If I tell I need you  
Every day  
Would you still be here by my side  
I don't want any lies  
Girl your my butterfly.  
Butterfly  
Girl you're my butterfly.
