Oh, oh
I know what you came for
Hear, you knocking at my door
Put you on a top floor, I'm gonna lift you off the ground
I know what you stayed for, more than what you paid
for
That shit that's in town, you, you could look around for
miles.
It's like that high grade, top shelf kind of love
You hit me one time, I bet you'll be back here again,
and again, and again

Tell me what you need, what you need it for
You can call on me, for anything you want
I'mma be a fire, I'mma take you higher!
Tell me what you need, and what you need it for
You can call on me, for anything you want
I'mma be a fire, I'mma take you higher!

I'll be your escape, girl
Pull you away from all your troubles
Put, put put you in the clouds
Ain't no coming down right now!
It's like that high grade, top shelf kind of love
You hit me one time, I bet you'll be back again, and
again, and again

Oh Tell me what you need, what you need it for
You can call on me, for anything you want
I'mma be a fire, I'mma take you higher!
Tell me what you need, and what you need it for
You can call on me, for anything you want
I'mma be a fire, I'mma take you higher!

Uh, flying higher, and higher from me
You flying high, and high, and higher!
It's like that high grade, top shelf kind of love you
You hear me one time, I bet you be back again, and
again, and again

Tell me what you need and what you need it for
You can call on me, for anything you want

I'mma be a fire, I'mma take you higher!
Tell me what you need, and what you need it for
You can call on me, for anything you want
I'mma be a fire, I'mma take you higher!
