[Verse 1:]

It seems like every minute it's another nigga
In yo face, going hard, spitting game, trying to get wit
you
No, No don't mention his name
Let's go back to my place, don't you wanna escape
In a couple hours you can go running back to him
Ain't nobody gotta know, cuz baby girl I can keep a
secret
I'll show you what your missing baby
Once I start to kissing thang
All you gotta do is let it go

[Chorus:]

You say you gotta man, but I don't understand
How you say can't, when I know you can
Forget about your boyfriend
Girl, aint nobody gonna tell your boyfriend
Forget your boyfriend
And we can make it work
Just say you wit your girls if he call your phone, let it go,
say your music was on
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend

[Verse 2:]

We at the crib and it's getting hot and heavy
Betcha boyfriend ain't never had your body sweating
Got you yelling oh oh ah
Please don't stop
You say you can't, but I'm hitting that spot
Haven't even gotten out your Vicky's yet
But you was dripping wet
I bet he missing that
We can do it on the regular
Girl, just hit my cellular
If you wanna let it go

[Chorus:]

You say you gotta man, but I don't understand

How you say can't, when I know you can
Forget about your boyfriend
Girl, aint nobody gonna tell your boyfriend
Forget your boyfriend
And we can make it work
Just say you wit your girls if he call your phone, let it go,
say your music was on
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend

[Verse 3:]

I wanna freak you like you like
And I don't need him to do it
Cuz I know I can do it better
Love you up and down and you know that I can do it
You know that I can make you wetter
I can see in your eyes that you want me too
Make you feel good
You won't have a clue

[Chorus:]

You say you gotta man, but I don't understand
How you say can't, when I know you can
Forget about your boyfriend
Girl, aint nobody gonna tell your boyfriend
Forget your boyfriend
And we can make it work
Just say you wit your girls if he call your phone, let it go,
say your music was on
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend

You say you gotta man, but I don't understand
How you say can't, when I know you can
Forget about your boyfriend
Girl, aint nobody gonna tell your boyfriend
Forget your boyfriend
And we can make it work
Just say you wit your girls if he call your phone, let it go,
say your music was on
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend
Forget your boyfriend
