Baby I,  
Want to, have you, hold you,  
Cos to me you're the only star in my sky  
I, plan ta' touch you, kiss you, keep you  
It's you for the rest of my life

Wont,  
Ever take your picture off my wall  
I'll protect you I wont let you  
Fall down never, no way, no how  
Won't you come here to me now

Cos I'd search the world  
For the woman that could give the title my (ay)  
Pin up (ay) pin up (ay) pin up (ay)  
My pin up girl  
Aint no other lady ever like my baby cos she  
Sexy, so sweet, she'll be  
My pin up girl  
That girl, and you know it  
If you're out there I need you to show me  
Cos I'd search the world  
For the woman that could give the title my (ay)  
Pin up (ay) pin up (ay) pin up (ay)  
My pin up girl, girl, girl  
My pin up girl, girl, girl  
My pin up girl

She is, focused, flawless, gorgeous  
All that in a beautiful mind, I  
Lose it, forget, where my cool is  
Sounds like my pin up, no lie

Wont,  
Ever take your picture off my wall  
I'll protect you I wont let you  
Fall down never, no way, no how  
Won't you come here to me now

Cos I'd search the world  
For the woman that could give the title my (ay)  
Pin up (ay) pin up (ay) pin up (ay)

My pin up girl  
Aint no other lady ever like my baby cos she  
Sexy, so sweet, she'll be  
My pin up girl  
That girl, and you know it  
If you're out there I need you to show me  
Cos I'd search the world  
For the woman that could give the title my (ay)  
Pin up (ay) pin up (ay) pin up (ay)

My poster girl,  
If you a pin up, you a pin up, you a pin up  
All my ladies say  
I'll be long gone, you are  
If you a pin up, you a pin up,  
Ladies turn around for the fella's

If you meet that girl, you should keep that girl  
By your side, through the day, and the night

Say ayyy  
I'm fellin right I'm feelin right I'm feelin right  
(Heyyy)  
I'm feelin right cos she mine

I'd search the world  
For the woman that could give the title my (ay)  
Pin up (ay) pin up (ay) pin up (ay)  
My pin up girl  
Aint no other lady ever like my baby cos she  
Sexy, so sweet, she'll be  
My pin up girl  
That girl, and you know it  
If you're out there I need you to show me  
Cos I'd search the world  
For the woman that could give the title my (ay)  
Pin up (ay) pin up (ay) pin up (ay)
