bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it

baby your picture's still hanging up on my wall
and i still get butterflies when i think of where you are
there are thoughts at the corner of my mind
i remember what it was to be completely in love
and you told me to give my heart away
and start over brand new
that it wasn't working between us
you couldn't love me like i needed you to
but there are things that you don't forget
i would give my last to get into your head
did you know how much i think about you still

i bet you don't that
you're still on my mind
i bet you don't that
i think about you all the time
i know that we moved on
and yes it's been so long
i bet you don't that
i bet you don't that

bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it

well it's hard to believe that it's so fresh on my brain
somedays how i feel like we broke up yesterday
but now so many things have changed
who's got your heart these days
i wish for you the best of everything
but you still don't understand
because i never thought i'd see the day, there was no
you
was like being in another sad movie, couldn't get
through
and there are so many things that you don't know

about me
still in the morning making coffee in the same routine
this is what i think about in my thoughts if they ever
came out
they would say

i bet you don't that
you're still on my mind

i bet you don't that
i think about you all the time
i know that we moved on
and yes it's been so long
i bet you don't that
i bet you don't that

you thought that i was so unmoved
and you thought i didn't care (care)
but you can still call me
sometimes just to say hello
and i know that you still assume
that i'm still mad at you
that was a memory, it's still a part of me
and baby if you ever wonder

bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it
so do you ever wonder...
bet you, bet you, bet you didn't know it
bet you, bet you, bet you didn't know it
i bet you didn't know

i bet you don't that
you're still on my mind (you're still on my mind yeah
yeah yeah)
i bet you don't that
i think about you all the time (all the time)
i know that we moved on
and yes it's been so long
i bet you don't that
i bet you don't that

i bet you don't that
you're still on my mind (you're still on my mind yeah)
i bet you don't that
i think about you all the time (i think about you all the
time)
i know that we moved on
and yes it's been so long (so long)
i bet you don't that
i bet you don't that

baby your picture's still hanging up on my wall
and i still get butterflies hoping that you might call
