you make me wanna get real comfortable witcha
can you take a picture if i can be
then you can be my lady
drive my mercedes
where we goin? up-town or down-town baby
you're affection is my profession
im good at what i do baby girl thats no question
so you can be my misses
never do the dishes
walk through the door
nothing but hugs and kisses
my enemies, slugs and stiches
niggas better get familiar with my familia
my wifey, my kids
my life be the shit
jump in a helicopter come and see where i live
next door to Brandy
nothin but eye-candy
we can pool party
swimming with five mandys
??? my crib you already know
i be the king out here
you can ? shawty-Lo, Hello
