When you feel your hearts guarded
And you see the breaks starting
When the clouds are far departed
U'll be right here with me

B rock...
Darkchild..
We back..
U'll be right here with me

You'll be right here with me
oh, oh x16
You'll be right here with me

When your life is going to fast,
off the train tracks
I can slow it down, oh
just when you think your bout to turn back
'Stead you might crash
I'll be your ground, oh

oh when you feel your hearts guarded
and you see the brakes started
and when the clouds above Departed
you'll be right here with me
and when your tears are dry from crying
and when the worlds turned silent
so when the clouds above Departed
you will be right here with me.

oh oh x10
(x2)
i will be right here with you
you'll be right here with me

when your trapped and there's just no key
and you can't breathe
i breathe for you
the fire's got you down on both knees

and the walls are closing in but i will
break it through

and when you feel alone
im a be at home
whenever comes and go
you know i got you

oh when you feel your hearts guarded
and when you see the brakes started
and when the clouds above Departed
you'll be right here with me
(you'll see the sun)
and when your tears are dry from crying, crying
and when the worlds turned silent, silent
so when the clouds above Departed
you will be right here with me.

I will be here right beside you
every step you take, yea
i will be your strength your shelter
shield you from the rain

(x2)
(oh when you feel), oh when you feel your hearts
guarded
and when you see the brakes started
and when the clouds above Departed
you'll be right here with me (right here)
and when your tears are dry from crying
and when the worlds turned silent
so when the clouds above Departed
you will be right here with me.

(x4)
i will be right here with you
you'll be right here with me

yea
