I ain't getting no younger  
So boy when I say love  
I don't say it just to say love  
I know better  
If you never showed love  
I don't think I would've known love  
Gotta put it in my song, love  
And sing it over and over

I told my mother that I love ya  
My brother asked where I met ya  
Said I saw you last Tuesday on the corner of "First" and  
"Love"  
I heard ya  
Whistling my favorite song  
When I saw you that morning on the corner of "First"  
and "Love"

Right there, right there, ohh  
And I wanna sing it to the world  
He's right there, right there  
On the corner of "First" and "Love"

My heart's beating like a bass drum  
I heard cupid in my ear  
He said he never saw better  
I gave him a straight shot  
And it hit me like a moving truck  
Ohh, like an enema  
But it never felt so good

I told my mother that I love ya  
And Ray J asked where I met ya  
Said I saw you last Tuesday on the corner of "First" and  
"Love"  
I heard ya  
Whistling my favorite song  
When I saw you that morning on the corner of "First"  
and "Love"

Right there (right there)

Right there (right there), ohh (oh)  
And I wanna sing it to the world  
He's right there (he's right there)  
Right there (saw my baby right there)  
On the corner of "First" and "Love"

They say serendipity  
Know, know that it's meant to be  
Love  
Don't feel like love to me, no (love to me, no)  
Know that it had to be love

Like our names carved on a tree  
They're memories inside of me  
Don't know how long forever is  
But if you stay with me, you'll find out with me  
Oh, if the sun don't rise for weeks  
Baby that's alright with me  
I can't add to infinity  
But if you stay with me  
You can count on me, ohh

Right there (I'm so right there)  
Right there (Ooh, it's on "First" and "Love" where I saw  
my baby)  
And I wanna sing it to the world (ohh)  
He's right there (right there)  
Right there (right there)  
On the corner of "First" and "Love"

I saw you by the street signs, oh I  
Saw you by the street signs  
They read: "First Love"  
Love, love, love...
