### "Gonna Find My Love"

I could feel it when I woke up this morning  
I just knew it when I opened my eyes  
Don't know what it is  
but I know something's coming up for me  
Ahh yeah  
And I don't even have no expectations  
I've been burned  
I've been hurt  
Yeah I've cried  
I've survived all those trials and tribulations  
And I'm back, alive, oh yeah

The most wide open  
For love hopin'  
Freedom to go wherever you are  
Nothing can hold me down  
Nobody's gonna talk me out of it  
I don't know where or when  
But I feel it in my heart

I'm gonna find my love (love, love, yeah) [x2]  
I'm gonna find my love  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I'm gonna find my love  
(could you be)

I have groomed myself to be a real good woman  
Now I'm ready for the chance to love again  
And I promise I will give my all  
And all I have to give  
Everything love oh yeah  
With my arms open

The most wide open  
For love hopin'  
Freedom to go wherever you are

Nothing can hold me down  
Nobody's gonna talk me out of it  
I don't know where on when  
But I feel it in my heart

I'm gonna find my love (love, love, yeah) [x2]  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
Gotta find my love

I keep my chin to the sky  
Looking for loves high  
They blind both of my eyes  
Til the day I die  
I hear the doves fly  
In and out of my mind  
I see the size of the time  
Hittin' me like a punchline  
Love  
I'm not a shootin' star  
I'm stuck still in the sky  
You could catch me on a mountain high  
You can bless me with the right guy  
You could put me in his eye line  
Hurry up it's about time

The most wide open  
For love hopin'  
Freedom to go wherever you are  
Nothing can hold me down  
Nobody's gonna talk me out of it  
I don't know where on when  
But I feel it in my heart

I'm gonna find my love (love, love, yeah) [x2]  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love

(could you be, could you be)  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
(could you be, could you be)  
I've gotta find it  
(could you be, could you be)  
I'm gonna find my love  
Gotta find my love
