Hardly breathing
Hardly breathing

Verse 1:

I really wanna take you back
It's killin' me watching you walk away (yeah)
But my head ain't okay with that
And Lord knows how much I want you babe
It hurts me but you can't stay (no)

Bridge:

This old heart of mine, won't let you break it
Not again (not again)
Been hurt too many times and I can't take it
Not again (Cause I'm)

Chorus:

Cause I'm hardly breathing
One more teary eye or sleepless night
Just might kill this heart of mine
Hardly breathing
Hardly breathing

Verse 2:

Beggin' won't do nothing
Forgave you many times along the way (yeah yeah, ah)
My mama said don't trust him
But deep inside my soul I found a place
And now I want you out baby

Pre-Chorus:

This old heart of mine won't let you break it (no no)
Not again
Been hurt too many times and I can't take it
Not again

Chorus:

Cause I'm hardly breathing
One more teary eye or sleepless night
Just might kill this heart of mine
Hardly breathing
Hardly breathing

Bridge:

Feels like I'm on my last lifeline
And I can't take a chance, of not being able to
breathe again
Another heartbreak and I might die inside
So I learned from the last time
That lovin' you ain't worth losing my life

Pre-Chorus:

This old heart of mine won't let you break it
Not again (not again)
It hurt so many times and I can't take it
Not again

Chorus:

Cause I'm hardly breathing
One more teary eye or sleepless night
Just might kill this heart of mine
Hardly breathing
Hardly breathing
