It's the only explanation
To the question at hand
Like years of pain
Gone away in a single day
There's nothing that compares
To the way you make me feel inside
And I'm so glad you're my

Prince charming, my angel
My king and my friend
My lover, my one
He is, he is
The beat in my heart
The kiss on my lips
My lover, my one
He is, he is

They could take away the money
My fortune and fame
But as long as you stay here with me
I would be okay
I look at you and I see me
Just reflections of the love you made with me
And I'm so glad you want to be my

Prince charming, my angel
My king and my friend
My lover, my one
He is, he is
The beat in my heart
The kiss on my lips
My lover, my one
He is, he is

My sun, my shine
My heart, my mind
He is everything I need
I gotta love you like no one has ever loved before
I gotta give you what you gave me, baby, so much
more
I wanna take it fast, but I wanna take it slow
Addicted to your love and I can't let go

Prince charming, my angel
My king and my friend
My lover, my one
He is, he is
The beat in my heart
The kiss on my lips
My lover, my one

Oh, he is
Prince charming, my angel
My king and my friend
My lover, my one
He is, he is
The beat in my heart
The kiss on my lips
My lover, my one
He is, he is

Prince charming, my angel
My king and my friend
My lover, my one
He is, he is
The beat in my heart
The kiss on my lips
My lover, my one
He is, he is

I need him
I needed him
Oh, I need
