I waited a lifetime  
To feel the way that I feel now  
But I never imagined  
Feels like walking on the clouds

Your the reason I'm here  
I'm not moving  
I'm not leaving  
Can't believe that your the reason  
That I'm standing right here  
I'm not moving  
I'm finally breathing  
Can't you see that your the reason  
That I'm standing right here

You drained me of sadness  
And filled me back up with love  
No room left for the madness  
That once my world was made up of

Your the reason I'm here  
I'm not moving  
I'm not leaving  
Can't believe that your the reason  
That I'm standing right here  
I'm not moving  
I'm finally breathing  
Can't you see that your the reason  
That I'm standing right here

Standing up for what I believe  
The reason I'm here  
Being the best that you have made me  
I promise that I will not let you down  
After all your the reason that I'm here  
Standing ooo yehh

Your the reason I'm here  
I'm not moving  
I'm not leaving  
Can't believe that your the reason  
That I'm standing right here

I'm not moving  
I'm finally breathing  
Can't you see that your the reason  
That I'm standing right here

Your the reason I'm here  
I'm not moving  
I'm not leaving  
Can't believe that your the reason  
That I'm standing right here  
I'm not moving  
I'm finally breathing  
Can't you see that your the reason  
That I'm standing right here
