Hook:

It's my party & I'll cry if iWant to
Be shy if iWant to, get high if iWant to
It's my party & I'll cry if iWant to
I'll cry if iWant to, I'll cry if iWant to

Verse:

Somebody give me some tissue iGot an issue iNeed to
address
I'm up in a hot mess, like my jeans I'm pressed
Once was the girl to impress, but now I'm depressed
iUsed to be stressless, but now it's more or less
I'm sweatin cold like a cold sweat
Cooled down from my forehead
Tryin 2 get ahead of pain so iCan go ahead
I'm cryin rivers & lakes & oceans
iGot a notion 2 bury myself

iNeed some help, the worst iEver felt

Hook

Verse:

No matter how hard iTry, like a whiny baby iCry, cuz u
lied
U took another slice of devil's pie
I'm takin shots like a gun range
Lips pucked like Wolfgang
I'm really goin insane as hell, I'm burnin flames
I'm up in smoke but I'm holdin my chalk
