(ohhhhhh)(ohhhhhh)
I just wanted you to know

Now every letter that you wrote is cut up
put the pieces back to make em say what i want
Now every memory i have of us is made up
cause i think i deserve to have that perfect first love

That's why i love ya , don't worry 'bout nothing
Baby i did what i had to do , not tryna get back at you
Don't got to be cussin', don't worry bout nothing
I'll just hold it and pretend till i see you and explode

Give me back my heart, give me the keys and I'm gone
I wont leave you scared, ill just key your car
A little in the back

(...Know that)

For every tear i cry a flower grows there
I drew a smile right on your hood babe
But I guess you know that
Not the better knowing that my stress is released
But don't try and step away from me please

That's why i love ya , don't worry bout nothing
Baby i did what i had to do , not tryna get back at you
Don't got to be cussin', don't worry bout nothing
I'll just hold it and pretend till i see you and explode

Give me back my heart, give me the keys and I'm gone
I wont leave you scared, I'll just key your car
A little in the back

Its nothing that some paint wont fix baby don't trip
don't trip
Its nothing that some paint wont fix , that's it that's it

Give me back my heart, give me the keys and I'm gone
I wont leave you scared, I'll just key your car
A little in the back, my heart, give me the keys and I'm
gone

I wont leave you scared, I'll just key your car
A little in the back...(ohhhhhh)(ohhhhhh)
I just wanted you to know...(ohhhhhh)(ohhhhhh)
(ohhhhhh)(ohhhhhh)
