(Verse 1)

I here the rain drops  
fall on my rag top  
and come down the windshield of my car  
parked on the same lane  
we came to get away  
and trade our kisses after dark

(Bridge)

you were everything i wanted  
everything i thought i needed  
then you said that you were leaving  
you got my heart in a vault  
you were the only one with a key  
and i couldn't get free

(Chorus)

Still locked in love  
so locked in love  
in love alone  
my baby's gone  
I'm locked in love  
so locked in love  
and i gotta get free

(Verse 2)

I feel the clouds start to form in my mind  
the rain starts to pour then close my eyes  
maybe there's one who's heart is worth more to you  
than the one you left behind  
by throwing my quarters out  
into the water i wish that you'd meet me here  
like you use to  
a heart and a mind we share  
how could you take your half  
i don't know

but it will never be the same

(Bridge)

You were everything i wanted  
everything i thought i needed

then you said that you were leaving  
you got my heart in a vault  
you were the only one with a key  
and i gotta get free

(Chorus)  
Still locked in love  
so locked in love  
in love alone  
my baby's gone  
im locked in love  
and i gotta get free Ohhhh

(Verse 4)  
My baby's gone  
the vault is closed  
my heart is closed  
and still im alone  
sometimes i here my heart beating beating

(Repeat Chorus) 2xs

My hearts bleeding so freely  
won't you set me free

My hearts bleeding so freely  
won't you set me free
