Love Wouldn't Count On Me

Brandy

(Full Moon)

[VERSE 1]

Oh, I believed in us

Tell me what are you thinking?

Why can't we make it?

Why would you say those things to me?

If you're trying to break this

Just go ahead and say it

If you are in love then why let it go?

Tell me please, what's happened, baby?

[CHORUS]

It used to be that

You couldn't live without me

But now you think you're better than me

So now it's over

I guess it wasn't true

When you said I love you

Because love just wouldnt count me out

[VERSE 2]

I believed in everything you said

If your vow couldn't make it

You shouldn't have made it

How could you let me believe

You couldn't leave me

If you never loved me

If you are in love than why let it go?

Tell me please, what's happened baby?

[CHORUS]

[BRIDGE]

I wonder why you hurt me

I question all the pain

What would make you wanna leave this way

What made you say it's over

What is taking over

I cannot believe I loved ya

But it wasn't meant to be

Because love wouldn't do this to me

It used to be...

[CHORUS out]
