Verse 1

I know you think I be tripping
Thinking I be playing you be saying I ain't into you
Just take a second and listen, cause I ain't into just
laying down with anybody, maybe I ain't trying to give
my body so soon.
Let me know you're worth it
Do you deserve a chance to? to touch to fell my love.
Cause ain't nobody perfect, underneath the surface
can you ..
Show me your love..

Chorus:

And when it's time, I won't even have to tell you so.
You'll see the stars are shining the same
So take your time, 'cause love ain't got no where to go,
it'll be way better if we wait.
'Cause there's no such thing as too late
When you really love something you can wait
'Cause there's no such thing as too late

Verse 2:

You can tell me you're different
You be always saying you're nothing like them other
dudes.
And judging from my intuition, yeah yeah yeah yeah.
You seem like somebody I can probably give myself too
.. too
Not so soon, cause I want you to love me whenever you
get that chance too, to touch, to feel, my love .. Cause
ain't nobody perfect, underneath the surface can you
Show me your love..

Chorus:

And when it's time, I won't even have to tell you so.
You'll see the stars are shining the same
So take your time, 'cause love ain't got no where to go,
it'll be way better if we wait.
'Cause there's no such thing as too late
When you really love something you can wait
'Cause there's no such thing as too late

Bridge:

Listen to my heart and I'll listen to yours
And If they say the same thing then I'll know were
ready
But until then we should be patient, let's not start ... but
when we start
I promise when we start, you gone love every minute.

Chorus:

And when it's time, I won't even have to tell you so.
You'll see the stars are shining the same
So take your time, 'cause love ain't got no where to go,
it'll be way better if we wait.
'Cause there's no such thing as too late
When you really love something you can wait
'Cause there's no such thing as too late
