Ohhhhhhhh, ohhh ohhh, oohhhhhhhhh  
Ohhhhhhhh, ohhh ohhh, oohhhhhhhhh  
I never met a guy so sweet  
Someone who knocks me of my feet  
I never knew that it could be,  
Until I met you baby  
You never met a girl like me,  
I only wanna make you happy  
I never knew that i could be free,  
Until I met you baby  
Bridge

(all i wanna do)  
Lately all that i wanna do is..  
(is spend all my time with you)  
Every second, every minute, every hour  
(i can't let you get away,)  
Cant go nowhere,  
I need your loving everyday..

Ooooh yes i do.....  
Chorus

Say you still feel the way i feel for you  
(yeaaaaaah)  
Say you will do the things you promised to  
(yeaah)  
Say you love me the way that i love you  
(saay)  
Say you will , say you will  
Ohhhhhhaa, yesss  
Never knew a love like you  
(to do the things that you do)  
You never seem to lose your touch,  
That's why i love you babyyy  
I travel around the whole wide world ,  
And i say that I'm your girl  
Never had these feelings,  
Until I met you baby
