Title: Sirens

Album: Afrodisiac (Import Single)

## VERSE 1:

Ooh I love the way you work your body, body  
I'm hot like a toddy, I kinda like to party  
I'm your shorty, can we leave shortly?  
Can't wait to see what you got for me  
You're my rider, stay beside ya  
It's never tired, can't keep quiet  
Can't deny it, it's like a riot  
When I'm with you, everything catch fire

## B-SECTION:

You're my escape from the rain  
Let's embrace  
You're my crave, you're my fate  
Can't let you get away  
Darling, you're my escape from the pain  
Let's embrace  
You're my fate, you're my crave  
Can't let you get away

## HOOK:

Hot like California  
Or maybe like down in Florida  
And I baby I don't plan on boring ya (boring ya)  
I promise ya (I promise ya)  
I'm hot like down in New Orleans  
Or maybe like off in the islands  
Me and you set off sirens  
Sirens

## VERSE 2:

Boy, you got me on a high like Bob Marley  
Don't get me started  
It's so whole-hearted  
Highly regarded  
Can't be modest  
Under dark, I turn into a love Goddess  
So polished, I love a challenge  
You keep me balanced, don't you see me smilin'?

There's no silence, we're always wildin'  
When I need it, it's your number I be dialin'

B-SECTION:

You're my escape from the rain  
Let's embrace

You're my crave, you're my fate  
Can't let you get away  
Darling, you're my escape from the pain  
Let's embrace  
You're my fate, you're my crave  
Can't let you get away

RAP (TIMBALAND):

I'm over the top of you like an umbrella  
Come baby get with this young fella  
I'm like the wind just blowin' on your hot propellers  
If that's your girl, look at her  
I think she's gettin' jealous  
Hey baby, we like two mocking birds  
Me and you exchanging nasty words  
Come here shorty, let's see how nasty works  
Body to body  
Soul to soul  
Let's emerge, come on

B-SECTION:
