Oh baby...

I'm sick cause it's 4 in the morning
And I'm sick cause I ain't heard from him
I done seen this flick before
G-g-g-gave him plenty warning
He said he wouldn't do it again
You know my heart keeps telling me it's gon' stop
Now there's a knock but the deadbolt's locked
(My-my-my conscious saying)
You can do better girl
Cause right now he ain't ready
But the other side of my head side is saying
That I might not find no better

So when he a-a-ask just how could you love somebody
so ooh
This feeling, this question I asked still has been
unanswered
I just hope, so many
Yeah yeah

Sick
When you take him back every time
Cause the love is so amazing
And it makes you so sick
When it makes you go and compromise
Everything you said the night before
You wouldn't do
Sick
When you love him more than you love yourself
You can't let go
Cause you just can't help it
Cause the only thing left to do is cry
Cause deep inside
It makes you so sick
Ooh...
So sometimes it makes you so
Sick
Ooh...
So sometimes it makes you so

Sick

Of course he's calling me, it's 8:10 (in the morning)
And I ain't gon' be late for work again (I can't afford
this)
I'm pulling off he pulls up (pulls up)
There's something he wanna discuss
I'm telling him last night I was all ears
But he was nowhere to be found
Told him last time he made me feel this way
I wasn't gon' be the one going back on my word
I was just gon' let it end
Cause obviously conversing ain't working for me and
you
Now I'm back home in the bed missing the hell outta
you

Sick

When you take him back every time
Cause the love is so amazing
And it makes you so sick
When it makes you go and compromise
Everything you said the night before
You wouldn't do
Sick
When you love him more than you love yourself
You can't let go
Cause you just can't help it
Cause the only thing left to do is cry
Cause deep inside
It makes you so sick
Ooh...
So sometimes it makes you so
Sick
Ooh...
So sometimes it makes you so
Sick

How, how far can you tell me how far
Someone have to push you for them to recognize
They've pushed you over the line, the line, the line
Baby, baby
How far, baby how far
Do you think I'm gonna let you push me
Before I cross the line
Before I cross the line

I'm so sick
When you take him back every time
Cause the love is so amazing
And it makes you so sick

When it makes you go and compromise
Everything you said the night before
You wouldn't do
Sick
When you love him more than you love yourself
You can't let go
Cause you just can't help it
Cause the only thing left to do is cry
Cause deep inside
It makes you so sick
Ooh...
So sometimes it makes you so
(Sick)
Ooh...
So sometimes it makes you so
(Sick)
