1st Verse

Look at me I'm a mess y'all
Ain't combed my hair in weeks
No appetite my mama's so worried bout me
My friends keep calling asking if I need company
I say I'm okay y'all just let me be
Cause I'm still going through withdrawals every now
and then
Y'all bearÃ with me
Cause I find time heals all wounds
I'll be good soon I'll be me again

Chorus

I was once strung out on love but now I'm sober
Needed to rehab a bit but now I'm sober
He was my addiction he was in my system
But now I'm great and straight
Must notÃ be strung out on love
But now I'm sober

2nd Verse

With every day I grow stronger
I try to get back on my feet
It's difficult quitting something cold turkey
The cravings there still a lot of love in me
Can'tÃ give up this is how it has to be
Cause I'm still going through withdrawals every now
and then
Y'all bearÃ with me
Cause I find time heals all wounds
I'll be good soon I'll be me again

Chorus

I was once strung out on love but now I'm sober
Needed to rehab a bit but now I'm sober
He was my addiction he was in my system
But now I'm great and straight
Must notÃ be strung out on love
But now I'm sober

Bridge

Loving him almost killed me
I was like a junkie
Trying to get my fix of
What I thought was love
Was really just a drug
I had to break myself from

Chorus

I was once strung out on love but now I'm sober
Needed to rehab a bit but now I'm sober
He was my addiction he was in my system
But now I'm great and straight
Must not be strung out on love
But now I'm sober
Until Fade
