Dream,
This dream.
Dream,
This dream.

Think about it,
No doubt about it.
I've been there for you,
Right from the start.
It's not the braggers,
Just the facts,
Two one of a kinds,
That's what we are.
And if I want to have my pick of dreams,
I would pass the world,
Pass it in a heartbeat.
Just to have this thing,
This thing that helps me breathe.
To guarantee that that ain't all that bad,
As long as I have..

This dream,
I give to you cause you're the biggest part of -
This dream.
So I tell you I see you and me,
Giving love like we'll never need another,
Cause this is more than a dream,
It's supreme.
This dream,
I share with you because you have my heart,
This dream.
So I tell you that I need you,
And Imma be giving love,
Like I'll never need another
Cause this is more than a dream,
It's supreme.
Supreme.

Can't help but feel it,
That's how it is when something is so bleacefully
appealing.

Now that you feel it,
Oh no, can't help but want it,
To get on it.
Before it's gone, even though it's not a moment -
More than a dream, and I'll stay every day,
But I'll still make you want it.
It's life, it's more than meets the eye.
It's something that you know,
You're fortunate to realise,
It's that thing,
That thing that helps me breathe.
To guarantee that that ain't all that bad,
As long as I have..

This dream,
I give to you cause you're the biggest part of -
This dream.
So I tell you I see you and me,
Giving love like we'll never need another,
Cause this is more than a dream,
It's supreme.
This dream,
I share with you because you have my heart,
This dream.
So I tell you that I need you,
And Imma be giving love,
Like I'll never need another
Cause this is more than a dream,
It's supreme.
Supreme.

So supreme and incredible baby,
You and I together are inseperable, maybe.
Young lovers, whipping covers,
Not just here but a hundred years from now,
Remember it, just do
I love you more than my own self
And how you love me more than anyone else
And that's good enough for me baby
It's so plain to see thats it more than fantasy
Baby, it's a dream.

This dream,
I give to you cause you're the biggest part of -
This dream.
So I tell you I see you and me,
Giving love like we'll never need another,
Cause this is more than a dream,
It's supreme.
This dream,
I share with you because you have my heart,

This dream.
So I tell you that I need you,
And Imma be giving love,
Like I'll never need another
Cause this is more than a dream,
It's supreme.
Supreme.
