What ya hear this time
Go on an' speak ya mind
I know somebody's lying

It's always somethin'
Her auntie told your cousin
Then all your homies jumped in
And now the whole hoods buzzin'

He said, she said
Don't let it get in head
Baby, don't say
Something that you will regret

I'm on your team
It's us against them, you'll see
Hey, we ain't gon' stop
They just want what we got

The more they talk about our love
The more they make it obvious
The more they seem so envious

How can they talk about our love
When they don't know one thing about
Instead they just runnin' they mouth
So all we do is tune them out

I swear they got some nerve
Spreadin' what they heard
I can't give them no run
I can't be concerned with all that talk
I won't be involved, that's my word

See I'm not the one
They got me confused
They got me messed up
Don't you think I've had enough

When it comes to what we do
All that matters is us two

Don't pay them no mind
We just gon' show and prove

The more they talk about our love
The more they make it obvious
The more they seem so envious

How can they talk about our love
When they don't know one thing about
Instead they just runnin' they mouth
So all we do is tune them out

Here's a couple of things I can't honor man
How you listen to a girl who still wanna man
Tell me the truth is that a man or Juwana Man
I'm wonderin' why she ready to go like Wanda then

When we met you was a V like Madonna man
Now you went field runnin' plays like Donovan
McNabb before you get in a cab, I trade in my cab
Just to take you back to last summer, man

You don't remember when you was my sweetest
You don't remember I called you Reeces Pieces
'Cause it's no wrong way to do you know what
She turned around giggle said, "You so nuts"

But nowadays we actin' way too grown up
But how ya ex-girl get that new numba
The rumors was so numerous
For sticking by me I had to give you two thumbs up
And that's why

The more they talk about our love
The more they make it obvious
The more they seem so envious

How can they talk about our love
When they don't know one thing about
Instead they just runnin' they mouth
So all we do is tune them out

The more they talk about our love
The more they make it obvious
The more they seem so envious

How can they talk about our love
When they don't know one thing about
Instead they just runnin' they mouth
So all we do is tune them out

I don't wanna hear it no more
