"Talk About Our Love"  
(feat. Kanye West)

[Verse 1:]

What ya hear this time  
Go on and speak ya mind  
I know somebody's lying  
It's always somethin  
Her auntie told your cousin  
Then all your homies jumped in  
And now the whole hoods buzzin  
He said, she said  
Don't let it get in ya head  
Baby don't say  
Something that you will regret  
I'm on your team  
It's us against them you'll see  
Hey, we ain't gon stop  
They just want what we got

[Chorus:]

The more they talk about our love  
The more they make it obvious  
The more they seem so envious  
How can they talk about our love  
When they don't know one thing about  
Instead they just runnin they mouthes  
So all we do is tune them out

[Verse 2:]

I swear they got some nerve  
Spreadin what they heard  
I can't give them no burn  
I can't be concerned with all that talk  
I won't be involved  
That's my word  
See I'm not the one  
They got me confused

They got me messed up  
Don't you think I've had enough  
When it comes to what we do  
All that matters is us two  
Don't pay them no mind  
We just gon show and prove

[Chorus]

The more they talk about our love  
The more they make it obvious  
The more they seem so envious  
How can they talk about our love  
When they don't know one thing about  
Instead they just runnin they mouthes  
So all we do is tune them out

[Kanye West:]

Heres a couple of things I can't honor man  
How you listen to a girl who still wanna man  
Tell me the truth is that a man or Juwana Man  
I'm wonderin why she red to go like Wanda Van  
When we met you was a V like Madonna man  
Now you went field runnin plays like Donovan  
McNabb before you get in a cab  
I trade in my cab  
Just to take you back to last summer man  
You don't remember when you was my sweetest  
You don't remember I called you Reeses Pieces  
Cause it's no wrong way to do you know what  
She turned around giggle said you so nuts  
But nowadays we actin way too grown up  
But how ya ex girl get that new numba  
The rumors was so numerous  
For sticking by me I had to give you two thumbs up  
And that's why

[Chorus:]

The more they talk about our love  
The more they make it obvious  
The more they seem so envious  
How can they talk about our love  
When they don't know one thing about  
Instead they just runnin they mouthes  
So all we do is tune them out

The more they talk about our love  
The more they make it obvious  
The more they seem so envious

How can they talk about our love  
When they don't know one thing about  
Instead they just runnin they mouthes  
So all we do is tune them out  
I don't wanna hear it no more
