I won't trick some lies to tell you that we won't make it  
'Cause I never lied to you, oh baby  
I know we built our dreams and futures in the sand  
Knowing they could wash away but I don't care, oh oh

Yeah  
'Cause if those dreams do fade  
I know we're gonna dream again  
Tomorrow

We're only gonna live today  
We're only gonna love today  
So never be afraid again  
Oh no, oh yeah  
Come jump out of the plane with me  
Let's parachute our love today  
We're only gonna live today  
Today, today

You said I got too much to lose now  
That I should be careful now  
Oh no  
What for?  
All of the flashing lights  
They dim eventually  
And I will live life  
As long as you take the risk with me, yeah

Yeah  
'Cause if those dreams do fade  
We're gonna dream again (we're gonna dream again)

Tomorrow

We're only gonna live today  
We're only gonna love today  
So never be afraid again  
Oh no, oh yeah  
Come jump out of the plane with me  
Let's parachute our love today  
We're only gonna live today  
Today, today

Oh oh ooh  
Live today, love today, oh oh  
Just take the chance now  
You don't gotta think about it (don't think about it)  
Let go of every fear about it (don't fear love)  
There's no way we can lose  
Think about it, think about it  
Think about it, baby

We're only gonna live today  
We're only gonna love today  
So never be afraid again  
Oh no, oh yeah  
Come jump out of the plane with me  
Let's parachute our love today  
We're only gonna live today  
Today, today
