[(verse):Brandy]

Oh yeah ooh yeah

I would like to get to know if I could be
The kind of girl that you could be down for
Cause when I look at you I feel something tell me
That you're the kind of guy that I should make a move
on

[(verse):Mc Lyte]

Yeah I get exotic with tha malotic tune I get hypnotic
with tha room
but you got to put me down soon I flip a sideshow
if you come my way up down and around even
sideways
I'm about as ready as the Lyte can get we can go all out
I ain't afraid of the sweat but yet I bet you got the
techniques
to freak a girl inside out what's that all about(ooh
yeah)
Can I have some of that you got to put me on word
around town
is your nine men strong I wanna be put on in tha worst
way since
the first day I think it was a Thursday (oh baby) you be
that brother
that I wanna sink my teeth in make me wanna ask
where tha hell you been
I like the way you be with all that personality but I got
flava too you needs
to get with me

[(chorus):Brandy]

I wanna be down
With what you're going through
I wanna be down
I wanna be down with you
No matter the time
Of day or night it's true
I wanna be down

[(verse):Yo-Yo]
