Yeah, dark child
B-Rock let's go

Why don't you return my calls?
Why you trip out where I be?
You don't ever come to see me
You say that you're too busy

What the hell? I don't have time
Why you messin' with my mind?
I can find another guy
Someone who will treat me right

I don't need this bullshit
I won't put up with it
Any longer you can
Go if you want I don't
Need your pity I will
Be just fine if you decide
That you want to leave close the
Door behind you I just
Want to know what

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about all of the
Things you told me?

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about, what about?

What about us?
What about us, us?

What about us?
What about us, us?

I thought you said you were different
Was that what I heard you say?
Said that you'd love only me
Thought that you'd be all I need

What happened to promises?
Said that you were a better man
Your words have no way with me
'Coz you're counterfeit, I see

I don't need this bullshit
I won't put up with it
Any longer you can
Go if you want I don't
Need your pity I will
Be just fine if you decide
That you want to leave close the
Door behind you I just
Want to know what

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about all of the
Things you told me?

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about, what about?

What about us?
What about us, us?
What about us?
What about us, us?

Baby you should now hear this
Now what if I said that, "You wasn't fit to be with"
Now what if I told you the game you played, I picked it
So what if I said, "I wasn't true, so do you"
You and I know, without me there's no you

So what about the bills that were passed due
Before you, all you said to me was, "Baby, I owe you"
Forget about the brand new life that I gave you
Now what about us to me, now what about us to me

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about all of the
Things you told me?

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about?
What about?

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about all of the
Things you told me?

What about all of the
Things that you said?
What about all of the
Promises that you made?
What about all of the
Eyes that you gave?
What about?
What about?

What about us?
What about us, us?
What about us?
What about us, us?
