[T.I. talking]

Unh....

You know what?

On the real...

Mmm... Unh....

[1st Verse]

Me and you

We been thru

So much that we

Need to start of new

You need to choose

Don't be confused

I think it's time, time that you

Tell me where you wanna

[B-Sect]

Be wit me or be wit her

This whole ordeal is such a blur

See I was prepared to take a lost

But my heart won't pay the cost

You don't know where you wanna be

[Chorus]

You don't have to take my advice

You don't have to compromise

Cause I know that you don't realize

You don't even see

Where you need to be

[2nd Verse]

Be with them, all ya friends

Claim the Clippers is playin' Boston

I won't play sloppy seconds again

Do you wanna play wit me

Or play wit them?

Tell me where you wanna....

[B-Section 2]

Being in love

Is that enough?

When all the problems

Start adding up
Ladies raise ya hands
If ya had enough
Scream as loud as you can
If ya had enough

[B-Section 3]

Cause he don't know
(Why don't you know it honey?)
Where he wants to be
(Ooh!)

[Chorus]

You don't have to take my advice
(Don't you listen baby)
You don't have to compromise
(There's no need)
Cause I know that you don't realize
You don't even see
Where you need to be

[T.I.'s rap]

Don't talk like that....
Ay, ay, ay I promise in all honesty
I honor you, you honor me
For better, worst, rich or poor
Whatever it's gonna be
I'm talkin' bout forever more
The rest of eternity
No need in bein insecure
I know where I wanna be
I know I made a lot of mistakes
But I can make'em up, make'em up
Unless you got your heart
Set on breakin' up
If I can't see ya face
Then my day
Ain't even worth wakin' up
Especially with these haters
And no-good cases pilin' up
Maybe show you attention
Is something that I ain't done enough
But you got all my love, on all I love
Girl I need you to believe in me
You need to know that I know where I need to be
Ay... ay.....

[Chorus 2x]

You don't have to take my advice
(You don't have to take it)

You don't have to compromise
Cause I know that you don't realize
You don't even see
(Even though I love you)
Where you need to be
(I'm willin' to let it go)

You don't have to take my advice
You don't have to compromise
Cause I know that you don't realize
You don't even see
Where you need to be.....
