[Chorus]

Thank you
For all the tears
All the tears all the stress
You're the best
I feel blessed
I'm a better woman now
Look how I smile
All you did was help the next man
This experience made
Me who I am

[Verse 1]

I tried to make me love ya
I tried to make me stay
But every time I tried
Myself and I got in the way
Just for the sake of my daughter
I tried to stick to the plan
But I had to get rid of the weight
On my fourth finger, left hand
To everybody listening
Sorry if you're disappointed
See the life I chose was only what
I thought I wanted
Nothing's picture perfect
Looks can be deceiving
What I thought was love
Was something that I did not believe in

[Chorus]

Thank you
For all the tears
All the tears all the stress
You're the best
I feel blessed
I'm a better woman now
Look how I smile
All you did was help the next man
This experience made
Me who I am

[Verse 2]

I always had the feelin'
That baby boy was cheatin'
I kept tellin' myself
If you aint happy Bran just leave him

I wasn't raised to quit
Cause quitters never win
But what do you gain
If you feel incomplete within?
Sick of all the questions
All the whats and whys
"What happened?"
"Why'd ya'll break up?"
"Why we never see you cry?"
But do you know how it feels
To hurt behind closed doors
When you go outside
You wonder why your smiling for

[chorus]

Thank you
For all the tears
All the tears all the stress
Your the best
I feel blessed
Im a better woman now
Look how I smile
All you did was help the next man
This experience made
Me who I am

[Bridge]

Now that its over i can live
Now all you had belongs to him
My heart is open like a book
And everything he eats, i cook
What i am to him, he is to me
We are eachothers everything
But if i would have stayed with you
I wouldnt have it like i do

[chorus 2X]

Thank you
For all the tears
All the tears all the stress
Your the best
I feel blessed
Im a better woman now
Look how I smile
All you did was help the next man

This experience made
Me who I am
