We walk on the grass, the wind is warm
No need to say what's in our hearts
we both know it's never going to last

I wanna escape, I wanna fight
instead I just put on a smile
Cuz there's no way I can get out

Falling down, to a different world somehow
Falling down, can't someone help me out
I'm gonna wait until your gone
I'm gonna stay inside my world
let's pretend nothings wrong, hold me now

We lay in the grass, our bodies are tired
you think everything's gonna be alright
you don't know how I feel inside

I wanna escape, I wanna fight
Instead I just put on a smile
Cuz there's no way I can get out

Falling down, to a different world somehow
Falling down, can't someone help me out
I'm gonna wait until your gone
I'm gonna stay inside my world
let's pretend nothings wrong, hold me now

Falling down, to a different world somehow
Falling down, can't someone help me out
I'm gonna wait until your gone
I'm gonna stay inside my world
let's pretend nothings wrong, hold me now

Everytime I look in your eyes
I don't know what to do
Everytime I have you near me
I don't know how to feel

Everytime I look in your eyes
I don't know what to do
Everytime I have you near me

I don't know how to feel

Everytime I look in your eyes
I don't know what to do
Everytime I have you near me
I don't know how to feel
