You are awesome
Flying in my eyes
You are awesome
Flying in my eyes
You are awesome
Flying in my eyes
You are awesome
Flying in my eyes
You must wait
Your life will float away
You must wait
Your life will float away
Why can't life be
As simple as the sun?
(You must wait
Your life will float away)
Why can't life be
As simple as this song?
(You must wait
Your life will float away)
Why can't life be
As simple as the sun?
(Repeat 2xs)
(Most people are like boats
When they're on top
They have something
It doesn't matter
Just forget it right away
They say I will remember...
Just to never let me be)
As simple as this song?
