No competition, no competition
You get what you like, what you need
Here we are, in the lead
Do no [~], do no wrong
Bring it on, bring it on
Nothing can compete
With the B, R, A, double S, Y beat
No competition, no competition
[~~~~]
No competition, no competition
[~~~~]
Nothing can compete
With the B, R, A, double S, Y beat
No competition, no competition
[~~~~]
No competition, no competition
You see, others strive to comply
With the standards required to be done
You know why, you know why, you know why
Nothing can compete
With the B, R, A, double S, Y beat
No competition, no competition
With my this, with my that
Well, you know it's a fact
No competition, no competition
Number One once again
Here we are in the lead
Do no [~], do no wrong
Bring it on, bring it on
Nothing can compete
With the B, R, A, double S, Y beat
