We got what you want
We got it going on
We got just the thing
All night long
I'm talking 'bout 24
I'm talking 'bout 7, too
That's not my theory, baby
That's the truth
[~] cheap copycat
Why don't you
Ask yourself
Where you're at
Think your skills are
Up to scratch
Well how 'bout
Now's the time to
Play it back
Don't you try
To deny yourself
This pleasure
So divine
We do it
We do it extra fine
We do it once or twice
Triple time
One hundred and ten
ATM
Make you wanna
Take it back
And start again
We come so smooth
Of the [~]
That's not my theory, baby
That's the truth
