Do do do do...

How can I explain the way  
I feel when you are next to me  
Love fills the air  
And like a blanket  
It just covers me

And I don't wanna leave you  
I don't wanna go  
I don't wanna leave this paradise

Come a little closer, girl  
And let me hold you tight  
And love till the early morning light  
Whoa, oh

[CHORUS]

I'm never gonna give you up  
I'm never, never, ever gonna stop  
I think about you every day  
'Cause I love you, baby  
Cross my heart and hope to die  
I'm never gonna leave your side  
Never, never, ever gonna stop  
'Cause I love you, baby

Do do do do...

My friends get in the way  
They took to suffering  
My love for you

They tried to put me down  
They said that I'm not  
Good enough for you

But real love is special  
Stronger than steel  
There's no way that they  
Can tear us down

Girl, when you hold me  
The feeling is so strong  
I wanna love you all night long

[Repeat CHORUS]

Why can't they leave us alone  
Because our true love, true love  
We can't be separated  
No, no, no, no, no, no...

I'm never gonna give you up  
I'm never, never, ever gonna stop  
I think about you every day  
'Cause I love you, baby

Cross my heart  
I'm never gonna  
Never, never, ever  
'Cause I love you, baby

I'll never give you up  
I'll never give you up  
I'll never give you up  
No, no, no

I'll never give you up  
I'll never give you up  
I'll never, never, never  
Never, never, never, never
