One is better with two  
Check the babyz,  
There's nothing we can't do  
We're so in the groove  
That's the truth  
We got it goin' on now

Everyday we're living  
Giving all that we can give it  
All the creen you know it's so much more

[Chorus]

When we're all together  
We can do anything  
(All... together, all together now)  
When we're all together  
What you get is what you see  
(Baby all together all(you know)Baby all together now)

Time to dance, never give in  
check the plan  
Cause together we can win  
Whatever the game  
It's up with a friend  
We can always find a way to make it happen

Cause you got to understand it  
With the creen you know we can't be stop

[Chorus]

When we're all together  
We can do anything  
(All... together, all together now)  
When we're all together  
What you get is what you see  
(All... together, all together now)  
When we're all together  
Yeah we are unstoppable  
(All... together, all together now)  
When we're all together  
Nothing's impossible  
(All... together, all together now)

[Bridge]

Everybody turn it out and it's time to celebrate  
(Party time now)  
Everybody all together how we like  
(Hey hey hey hey hey hey)

Push it to the limit  
Give it all that we can give it  
We know how to make it happen  
cause we got the understanding

One is good  
Two is better  
Three and four all together  
All the world let me hear you scream  
(all together, all you know, all together, everybody now  
say it)  
(all together, all you know, all together, everybody now)

[chorus]

When we're all together  
(now we can do anything, that's right)  
When we're all together  
(we can do anything yeah yeah we can)  
When we're all together  
We can do anything  
(All... together, all together now)  
When we're all together  
What you get is what you see  
(All... together, all together now)  
When we're all together  
Yeah we are unstoppable  
(All... together, all together now)  
When we're all together  
Nothing's impossible
