She is working nine to nine in an old worn down  
café.  
Living in a little town with no chance to escape  
All her friends had moved away to New York and LA  
She used to cry herself to sleep begging for a change

And so one night like a flash of light  
He walked in like in a movie scene

She met him on Friday, he kissed her on Sunday and by  
Monday they were going steady  
And she was head over heels in love ,

They made love on Tuesday she was happy on  
Wednesday and by Thursday she explained to him  
That she was head over heels in love  
Head over heels, in love  
On Friday morning she woke up lonely in her bed  
He had left while she was sleeping no message no  
regret  
All her hope and dreams of love got crushed by him  
that day  
At night she cried herself to sleep wishing he'd  
come back  
And so one night like a flash of light  
He walked in like in a movie scene

And she said  
You left me on Friday I cried until Sunday and by  
Monday I felt so stupid for being head over heels in  
love

I forgot you by Tuesday met a boy on Wednesday and  
by Thursday he told me that he was head over heels in  
love  
Head over heels in love
